

Piece ^{OF} Nature

— Decorative particles for skincare —

*Give a visible
natural touch
to your products*

LESSONIA
cosmetics + ingredients

A high level of purity

Decorative particles are the new trendy ingredients for skincare and cosmetic products. Designed to be placed in suspension in formulations, these petals, leaves or flowers are meticulously selected to express their beauty in cosmetics.

Piece of Nature natural decorative particles are beautiful and fragile ingredients which can not be treated by the traditional channels of the vegetal raw material. To answer to this need, Lessonia has developed a specific and innovative manufacturing process which preserves the quality of the decorative particles.

DIRECT COLLABORATION WITH GROWERS

Dedicated cultures with special care given to the harvest: Direct collaboration with growers to manage the quality of the petals. *Traceability & geographical origin guaranteed.*

A STRICT SELECTION

Petals, leaves or flowers are meticulously isolated from the vegetal and hand sorted internally for a perfect quality.

HIGHT QUALITY LEVEL (ISO 2859-1)

Lessonia commits to guarantee a purity level according to the Acceptable Quality Level (AQL) defined in the ISO 2859-1 norm.

CAN BE USED IN MANY TYPES
OF COSMETIC PRODUCTS:

Massage oils, dry oils,
shower gels, cleansers,
lotions, creams,
shampoos...

A beautiful range of decorative particles

PIECE OF ROSA DAMASCENA

- Ref: G467
- Appearance: Petals
- INCI : Rosa damascena flower
- Origin: Iran
- Colour: Light pink
- Compatibility: Oil

PIECE OF AMARANTH

- Ref: G470
- Appearance: Flowers
- INCI : Gomphrena globosa flower extract
- Origin: China
- Colour: Light red
- Compatibility: Oil

PIECE OF CALENDULA

- Ref: G462
- Appearance: Petals
- INCI : Calendula officinalis flower
- Origin: France
- Colour: Orange
- Compatibility: Water & Oil

PIECE OF JASMINE

- Ref: Petals: G183 / Buds: G469
- Appearance: Petals or Buds
- INCI : Jasminum officinale flower
- Origin: China
- Colour: Yellow beige
- Compatibility: Water & Oil

PIECE OF CORNFLOWER

- Ref: G463
- Appearance: Petals
- INCI : Centaurea cyanus flower
- Origin: Albania
- Colour: Blue indigo
- Compatibility: Oil

PIECE OF PROSOPIS

- Ref: G465
- Appearance: Leaves
- INCI : Prosopis juliflora leaves
- Origin: India
- Colour: Green
- Compatibility: Water & Oil

PIECE OF LAVENDER BLOOM

- Ref: G464
- Appearance: Blooms
- INCI : Lavandula angustifolia flower
- Origin: France (Provence)
- Colour: Purple
- Compatibility: Oil

PIECE OF HELICHRYSUM

- Ref: Pink: G459 / White: G460
- Appearance: Petals
- INCI : Helichrysum bracteatum flower
- Origin: Netherlands
- Colour: White to pink shading / Pearly white
- Compatibility: Water & Oil / Pink: Oil

PIECE OF CAMOMILLA HEAD

- Ref: G466
- Appearance: Buds
- INCI : Anthemis nobilis flower powder
- Origin: France
- Colour: Light beige
- Compatibility: Water & Oil

PIECE OF SAFFRON

- Ref: G468
- Appearance: Petals
- INCI : Crocus sativus flower extract
- Origin: Iran
- Colour: Purple and orange parts
- Compatibility: Oil

Formulation guide

Every flower, petals and plants have their own characteristics. Depending on the desired formulations, different constraints are encountered when it comes to decorative particles' inclusions.

Lessonia supports you to choose the most adapted particles for your project, by taking into account all the specificities of the vegetal ingredient.

Lessonia brings you a support about formulation, stability and packing.

LAVENDER DRY OIL

A dry oil with decorative particles of Lavender bloom

INGREDIENTS (INCI name)	WT, %
Myritol ¹ (Caprylic/Capric triglyceride)	QSP
Cetiol ² (Dicaprylyl Ether)	20,0%
Emosmart ³ (C13-15 Alkane)	15,0%
Cranberry oil omega ⁵ (Vaccinium macrocarpon seed oil)	5,0%
Lycomega ⁵ (Solanum lycopersicum seed oil, caprylic/capric triglyceride, vaccinium macrocarpon seed oil, helianthus seed oil, tocopherol, lycopene)	0,5%
Essential oil of lavender ⁴ (Lavandula Angustifolia oil)	0,21%
Lavender angustifolia flower ⁵	0,10%

- (1) BASF
(2) Cognis
(3) Seppic
(4) Mlw
(5) Lessonia

CALENDULA LOTION

A lotion with decorative particles of Calendula petals

INGREDIENTS (INCI name)	WT, %
Water	QSP
Radianol 4710 ¹ (Propylene glycol)	4,0%
Solubilisant LRI ² (PPG-26-Buteth-26 & PEG-40 Hydrogenated castor oil)	1,8%
Microcare PE ³ (Phenoxyethanol)	0,8%
Microcare NB ³ (Sodium Benzoate)	0,3%
Fucoreverse ⁴ (Water & Hydrolyzed fucoidan & Benzyl alcohol & Dehydroacetic acid)	1,5%
Spirageline ⁴ (Glycerine & fucus spiralis extract)	1,0%
Calendula officinalis flower ⁴	0,15%
Perfume	0,04%

- (1) Oleon
(2) Sensient
(3) Thor
(4) Lessonia

ROSE MASK

A gel mask infused with rose petals

INGREDIENTS (INCI name)	WT, %
Water	QSP
Zemea ¹ (Propanediol)	8,0%
Purolan ² (Pentylene glycol)	3,0%
Glycerine ³ (Glycerin)	2,0%
Ressasol ⁴ (PPG-26-Buteth-26, PEG-40 Hydrogenated castor oil, water)	1,5%
Fucoreverse ⁵ (Water & Hydrolyzed fucoidan)	1,5%
Carbopol ⁶ (Carbomer)	1,0%
Seatrace ⁵ (Maris sal)	0,75%
Microcare PE ⁷ (Phenoxyethanol)	0,7%
Sodium Hyaluronate ⁸ (Sodium Hyaluronate)	0,55%
Rosa damascena flower ⁵	0,25%
Lycomega ⁵ (Solanum lycopersicum seed oil, caprylic/capric triglyceride, vaccinium macrocarpon seed oil, helianthus seed oil, tocopherol, lycopene)	0,2%
Perfume	0,08%
CI17200 ⁹	0,002%

- (1) Dupont
(2) Lanxess
(3) Oleon
(4) Res Pharma
(5) Lessonia
(6) Lubrizol
(7) Thor
(8) Shandong Focuschem Biotech Co
(9) Sensient

JASMINE SHOWER GEL

A shower gel with decorative particles of Jasmine petals

INGREDIENTS (INCI name)	WT, %
Water	QSP
Texapon ALS Benz ¹ (Ammonium Lauryl Sulfate)	30,0%
Carbopol aqua SF-1 polymer ² (Water & acrylates copolymer)	8,0%
Tego betaine F50 ³ (Water & Cocamidopropyl betaine & sodium chloride & glycerin & coconut fatty acid)	6,0%
Oramix CG110 ¹ (Caprylyl/capryl glucoside)	3,0%
Pearl Extract ⁶ (Glycerin & water & Conchiolin powder & xanthan gum)	2,0%
Marine serum ⁶ (Maris sal & Water)	1,0%
Liquid caustic soda ⁴ (Sodium hydroxyde)	1,0%
Microcare PE5 (Phenoxyethanol)	0,7%
Perfume	0,4%
Jasminum officinale flower ⁶	0,05%

- (1) BASF
(2) Lubrizol
(3) Evonik
(4) Solvay
(5) Thor
(6) Lessonia
